In deciding on the location of these offices the factors to be considered are:-

1) Existence of suitable accommodation
2) An adequate supply of suitable staff
3) Healthy surroundings
4) Accessability

As far as possible use should be made of Government buildings. In calculating the size of the buildings required it may be assumed that a superficial area of 25 sq.ft. is ample for each sorter with a suitable provision for keeping records.

The use of the term "Local Boards" would be misleading as it is generally understood to mean District Boards, Taluk Boards etc. while Municipal, District Board and Village Panchayat have been particularly mentioned in the draft, it would be appropriate to use the words "Funds of Panchayat & Town Boards" instead of "Local funds" as is mentioned in the draft. This would specify the kind of local body and would be helpful to the drafter. These words are mentioned in the address portion of the notice.

- Census Commissioner

Office of the Census Commissioner for Mysore,
Ali Asker Road, Civil Station,
Bangalore Dated 29th November 1949.

No.19/Census 1951
IMMEDIATE.

TO

THE SECRETARY
to Government of Mysore,
Education Department, Bangalore.

Sir,

SUB:- House-Numbering - Census 1951.

In continuation of this Office Memo No. 19-1/Census 1951 dated the 25th November 1949 forwarding a copy of my D.O. No. 19/Census 1951 dated the 25th November 1949 addressed to the Deputy Commissioner, Kolar District, on the above subject, I have the honour to send herewith a copy of the reply received from the Deputy Commissioner of the said District with his D.O. No. A7.C. 578/49-50 dated the 28th November 1949 stating that nothing was stated in the instructions communicated to him in your No. M. 2562-74/Census dated the 22nd November 1949 regarding the work to be taken up in villages, when it had to be taken up and the period within which it had to be completed, etc.

2. I have toured in some taluks of Bangalore District during the month and it is the same story all over. It may perhaps be presumed from the above that similar confusion has occurred in other districts also in this important matter. I propose to issue a set of detailed instructions shortly to the Deputy Commissioners of all the Districts in this behalf. It is such a pity that not all the instructions issued by the Census Commissioner for India are available with me. This is a real handicap and I shall be grateful if the Secretariat papers relating to this are sent to me at once.

3. I would request you in the meanwhile to kindly issue a direc

tion to the Deputy Commissions of all the Districts as well as to the Presidents or Municipal Commissioners of all City, Town and Minor Municipal Councils to take up the House-Numbering work immediately as per detailed instfuctions contained in your No. M. 2562-74/Census dated the 22nd August 1949 pending the settlement of the funds from which the cost of this work has to be met. It should be obvious that the local bodies should meet this expenditure if the total cost of Census operations for the State should be kept at a minimum. If need be, we should get the requisite legal backing for making local bodies responsible for this expenditure.

Yours faithfully,

CENSUS COMMISSIONER.

=====

With reference to your letter No. 19/1951 dated the 25th November 1949 in the matter of house-numbering, I write to state that 15 copies of instructions were received with Education Secretary's No. L. 2562-74/Census dated the 22nd August 1949 with the intimation that they may be distributed among Town and Minor Municipalities for needful action and they were distributed among the Municipalities in the District accordingly. Nothing was stated in the letter re: the work to be taken up in villages. It was not clear from that letter as to when the house-numbering had to be taken up and before what time it had to be completed. Further from what funds the cost had to be borne is not clear. If you kindly let me know all these details, the work will be arranged to be got done expeditiously. An immediate reply is requested.

Sir;

Ref: M.11643/Census, dated 16-1-1950.
Sub: Proceedings of the meeting of Deputy Commissioners held on 10-12-1949.

With reference to your letter under advertance returning therewith the copy of the above proceedings duly approved by the Hon'ble Minister for Local Self-Government and directing me to take further action immediately in the matter, I have the honour to report that action has accordingly been taken, except in regard to items which demand decisions at Government level.

Chief among these latter items is the issue of a Notification by Government, under Section 16 of the Mysore Census Act 1949, making it obligatory on all Local Bodies to bear their share of the Census expenditure. In this connection, it was decided at the meeting, that a sum of Rs 500/- might be placed at the disposal of each - Deputy Commissioner for expenditure connected with the Census. - Orders of Government will have to issue in this behalf.

It would also be helpful if a directive is issued to all Deputy Commissioners and Commissioners of City Municipalities, that they should pay special attention to inspection of Census work. This is necessary because, it is found that in a number of instances instructions issued by this office have been totally disregarded with the result that work in the concerned places has had to be redone, involving apart from loss of precious time, a lot of expenditure which with a little care might have easily been avoided. It would

It would go a long way in improving matters, if the Amildars and Sub Division Officers are held personally responsible fo prompt and proper execution of Census work and warned that slackness and indifference in this respect would be severely noticed by Government.

As regards the preparation of Electoral Rolls along with House-numbering, it is gathered from the Secretary to Government, Law Department that Preliminary electoral rolls on the basis of Adult Franchise have already been prepared and that what is required now is only a revision. In the circumstances, no further action appears to be necessary in the matter.

And lastly, the question of the Government of India footing the whole or at least a part of the Census expenditure of the State. Nothing is known definitely as regards this although indications are that the State will have to bear the brunt of the burden. In any case, it is a matter that has to be settled at the higher levels of Government.

Yours faithfully,

Census Commissioner
for Mysore.

To

Sir,

Subject: Proceedings of the meeting of the Deputy Commissioners of Districts held on 10-12-49.

With reference to your letter No. M. 15734 dated 31st March 1950 requesting information as to the specific items of expenditure to be met from the sum of Rs.500/- to be placed at the disposal of each Deputy Commissioner in connection with Census work, I have the honour to state that the amount is intended generally to meet contingent expenditure connected with Census Operations in cases where the Local Bodies concerned, do not have adequate funds. The most common items which are to be met from this amount are:

(1) Purchase of paint (white and black)
(2) " Brushes
(3) Purchase of limestone for white-washing portions of walls for painting the numbers in the absence of doors.
(4) Postage and other incidental charges
(5) Purchase of card boards or wooden planks for affixing the same with numbers painted on them, on huts etc. where there are no walls and doors.

In view of the urgency, Deputy Commissioners have been meeting such charges from Rural Development and other grants, in the first instance, in anticipation of reimbursement from funds expected to be placed at their disposal in accordance with the decision reached at the meeting of Deputy Commissioners held on 10-12-1949. As it is necessary to regularise the accounts without delay, early orders of Government may be kindly obtained in the matter of placing a sum of Rs.500/- at the disposal of each Deputy Commissioner to meet contingent charges in connection with the Census Operations.

Yours faithfully,

Census Commissioner
for Mysore.

Sir,

Ref:- M 1031 dated 18-4-50
Sub:- Proceedings of the meeting of Deputy Commissioners on 10-12-1949.

With reference to your letter No.M 1031 dated 18-4-50 enquiring whether the Government of India are not going to bear the entire Census expenditure of the State, in view of 'Census' being a Central Subject, I have the honour to state that this office has no information to furnish in the matter beyond inviting reference to the remark "recoverable from Government of India" found against the allotment of Rs.1.81 lakhs for Census in the Budget for 1950-51.

Even if the Government of India is willing to bear the Census Expenditure either wholly or in part, it seems desirable and necessary that the Cooperation of the Local bodies is enlisted in this matter. Census expenditure would mount up to a colossal figure if every concievable item is required to be met by the Centre. Presumably, House Numbering is to the benefit of the local bodies concerned and serves their administrative needs and in this view, they should not grudge to bear the burden. Since Government have obtained power under the Census Act to allocate such expenditure to the respective local bodies, it is suggested that this may be done.

Yours faithfully,

CENSUS COMMISSIONER
FOR MYSORE.
